

***Infection disease, blood pressure, Asthma,
Dramatic increase, Obesity, Diabetes, Lead to ...,
Chronic disease***

Nowadays fewer children suffer from (1).....

But the number of children around the world with
(2).....has increased due to polluted weather.

Doctors believe that, there has been a (3).....

In (4)..... in young people in the last 20 years.

Because a lot of children spend most of their time
on video games and social media and they are not
active enough.

It (5).....heart attacks, (6).....,
(7)..... and (8)..... .
