

Like it or lump it! You should do it!

What do you think of this picture?

Which way would you take? Why?

Do you think education is necessary to be successful? Why?

.....

Did your parents ask you to study hard? Why?

Do you know anyone who's very successful? What does this person do?

Is that person highly-educated?

.....

It is a good idea to...

I think it's important to...

It's necessary to...

I believe it is not very important to...

Hadi Fathi

Essential	Decision	Life changing
Successful	future	knowledge
Enough	experience	education

Keep talking! Do you agree? Why?

I believe education is the most important item to be successful...

In my idea knowledge and experience are very important...

I don't think education is enough, experience is more important...

You are what you say correctly!

- The new chair in our living room is broken?
- The new chair in our living room is broken?
- The new chair in our living room is broken?
- The new chair in our living room is broken?

Why do people go to university?

Are there reasons other than getting a good job to be highly-educated?

Do universities teach people how to create jobs rather than finding a job? Why?

.....

What about your children, would you let them decide? Why?

To what extent do you think universities are necessary for the society?
