

Life is supposed to be life!

Life sometimes is **very boring**, but you should tolerate. There is no rule like everything is happening **by chance**! For some who are **very rich**, **problems disappear gradually** by themselves while for **very poor** people everything is risky and unpredictable in general I avoid discussing it with people since they don't get it and then I should finish it needless to say that's life and talking about problems is useless which is **very funny**.

1-Replaced the bold parts with the words in the table.
